

## Drag and Drop Files

Article Number: 1233 | Last Updated: Thu, Oct 20, 2011 3:38 PM

UltraEdit supports dragging and dropping files from the File Manager into an open session of UltraEdit. Files may be selected from the File Manager (multiple files may be selected) and dragged into the UltraEdit window. If the mouse button is released with the mouse over UltraEdit the files selected will automatically be opened for editing with UltraEdit.
