

Save command

Article Number: 1261 | Last Updated: Fri, Oct 21, 2011 2:08 PM

Use this command to save the active document to its current name and directory. When you save a document for the first time, UltraEdit displays the Save As dialog so you can name your document. If you want to change the name and directory of an existing document before you save it, choose the Save As command.

Shortcuts: CTRL+S
