

File Managers (Linux only)

Article Number: 5217 | Last Updated: Tue, Apr 24, 2012 4:23 PM

 **This help topic applies to UltraEdit on Linux only.**

File managers are used to view and manage files and folders.

There are

several file managers available for Linux. The most common are **nautilus** and **dolphin**.

For

more information, see the [File Managers](#) help topic.
